

**Environmental/Chemical Engineering Experts Needed Urgently**

Upon the urgent request made by and on behalf of The China National Foreign Expert Bureau, CAPST is collecting expert information from the oversea professionals and scholars in order to provide a large scale of technical/consulting assistance for a number of major ongoing Water Pollution Control Projects in China.

If you are an expert in environmental/chemical engineering, or had experience in these fields, please use the form attached to prepare and send us a short resume immediately. If you know someone is an expert in this field, please kindly pass the message and ask him/her to respond back to us in the same way. All information provided in the form should be in Chinese. If you do not have Chinese software, please hand-write your resume clearly.

Please send the resume forms to **both** of the following email addresses:

[peishanhuang@yahoo.com](mailto:peishanhuang@yahoo.com)

[swu6218@yahoo.com](mailto:swu6218@yahoo.com)

If you have any question, please call

**832-788-8684 (Peishan Huang)**

**281-785-8286 (Shaofu Wu)**

We will recommend and forward the received forms to the China National Foreign Expert Bureau. Your information will be handled professionally and confidentially. We emphasize this is the urgent request, and the deadline for receiving the resume is Wednesday, Dec 14, 2005.

Thanks and appreciate your response and help.

*Please join CAPST and you will frequently receive many useful news and notices, such as attending and providing free seminars, involvement in China consulting projects, meeting China business delegations, etc. In the last two weeks, CAPST had hosted two seminars, sponsored a meeting with one China business delegation, and now these consulting projects.
